Amman +962792824184 marwanaljam11@gmail.com [GitHub](#) [LinkedIn](#)

Professional Summary

Highly motivated and detail-oriented Full-Stack Developer and Data Analyst with expertise in ASP.NET Core, Angular, and data analysis. Experienced in building end-to-end web applications, database management, and creating data-driven solutions. Strong foundation in both technical development and business intelligence, with ability to master new technologies. Seeking to leverage my technical and analytical skills in enterprise software development.
